2025 PART I

'The United States today remains the largest donor to the United Nations. It contributed close to \$13 billion in 2023, accounting for more than a quarter of funding for the body's collective budget. Following President Donald Trump's efforts to cut funding during his first term, President Joe Biden asserted the United Nations' importance to U.S. foreign policy by restoring funding to several agencies that was paused by Trump. At the outset of his second term, however, Trump is again pursuing a reevaluation of the United States' engagement with the United Nations, advocating for a reassessment of U.S. contributions due to what he says is the body's inefficiencies and biases.' WASHINGTON — A group of Republican lawmakers led by Utah Senator Mike Lee is pushing to remove the United States from the United Nations, arguing it is necessary to leave the international group to restore "national sovereignty and fiscal accountability."

Lee introduced the Disengaging Entirely from the United Nations Debacle, or DEFUND, Act in the Senate on Thursday, which would immediately remove the U.S. from the group for the first time since its inception in 1945. The country's withdrawal would be a drastic move as the U.S. is one of the U.N.'s founding members and sits as one of five permanent members on the U.N. Security Council. (ksl.com, 2-23-25)

As you can see pointed out in the Daniel 11 Hypothesis on biblicalresearchlabs.com, the United Nations is the great horn of the he goat you can read of in Daniel 8:8 as well as the one who sends a raiser of taxes in Daniel 11:20...the raiser of taxes itself is the Paris Climate Accord.

The United Nations has to be 'broken' as you can see in Daniel 8:8 (which is the same word in the Hebrew translated as 'destroyed' in Daniel 11:20) before the one world political system of Revelation 13 can emerge at the woe of the fifth trumpet (which is when Satan and his angels get cast to earth) and then after the one world political system receives a deadly wound it then becomes a one world religious system when Satan appears as the antichrist in Jerusalem at the woe of the sixth trumpet. The TRUE Christ will not return AT ALL until the woe of the seventh trumpet. Learn more at MARK13RECORDS.COM

IS THE U.N. FACING ITS SINGLE BIGGEST CRISIS IN 80 YEARS?

(ipsnews.net, 3-3-25)

(EXCERPT)

The United Nations, in its nearly 80-year-old history, is on the verge of fighting for its survival, as the Trump administration continues with its threats to drastically cut funding and pull out of several UN agencies which provide mostly humanitarian assistance worldwide.

Elon Musk, the tech billionaire, who acts as a virtual Prime Minister to President Trump, has called on the U.S. to exit the North Atlantic Treaty Organization (NATO) and the United Nations.

"I agree," he wrote in response to a post from a right-wing political commentator saying "it's time" for the U.S. to leave NATO and the UN."

Described as Trump's most powerful advisor, Musk has been ruthlessly cracking down on the US federal bureaucracy, as head of the Department of Government Efficiency (DOGE).

Will the UN be his next target?

"No one wants the United Nations to suffer the fate of the League of Nations, which collapsed because it lacked real leverage. This is possible if influential countries bypass the United Nations and take military action without Security Council authorization." -Vladimir Putin, 2013
